

CURRICULUM VITAE

I'm a Full-Stack Web Developer with a passion for turning ideas into well-designed, user-friendly websites. I combine creativity and problem-solving to build engaging, intuitive digital experiences. I recently completed a full-stack coding traineeship, during which I successfully delivered two real-world projects to specification using a range of programming languages and frameworks.

Skilled in HTML5, CSS3, and JavaScript, I focus on creating clean, responsive designs and writing maintainable code. I'm always learning new technologies to enhance my work and stay current with industry trends. I enjoy tackling new challenges and pushing boundaries in web development, with the goal of creating websites that are visually appealing, high-performing, and accessible to all users.

1-year program

During the traineeship, I had to demonstrate a very competent level of the following programming languages and technical skills:

- HTML5, CSS3, JavaScript
- PHP, SQL, MySQL, React, jQuery, C#
- Python, Node.js, Bootstrap, Java, JSON
- Command line Git, GitHub
- Remote API access

ADDITIONAL TECHNOLOGIES:

- REST APIs, Figma

DEVELOPMENT EXPERIENCE:

Below are the two briefs of development projects I completed with IT Career Switch which can be found in my bio:
<https://kristielarke.rf.gd/>

Portfolio Project #1: “Gazetteer”

Develop a map-based application in HTML, CSS, JavaScript (jQuery) and Bootstrap presenting geographical and demographic data from JSON returned by PHP modules that query third-party APIs such as GeoNames and OpenWeather.

Portfolio Project #2: “Company Directory”

Full project cycle: Formal proposal followed by the development of a company personnel database application using Bootstrap, JavaScript (jQuery), PHP and MySQL. Sign off obtained after demonstrating that all of the required functionality was present and working as intended through the preparation of a formal test script.
